Oct 15, 2019 I think that you can solve this problem with version 10.3 of QuestaSim from Mentor Graphics. Please note that I am not an expert on that software. I have seen similar problems with that software. link: And link: Q: Xamarin iOS: Always show contextual popover when using CellAccessoryButton I have a cell in a table that I am populating using bindings. I have a button as my cell accessory. The problem I am facing is when I tap the button while my table is not loaded I see a popover that is nothing but my text label. I would like to have this popover appear on every tap but I can't seem to get the object tapped to display it. My table is binded to a datatable like so table.ItemsSource = m_dDataSource; I am using following to bind the label to the data object in the cell cell.SetBinding(Cell.LabelProperty, new Binding(name: "Label") { Mode = BindingMode.OneWay }); I am populating the cell like this var index = table.RowCount - 1; var item = m_dDataSource.ItemAt(m_dDataSource.Count - 1); var cell = table.Items[index] as _Cell; cell.Label.Text = item.Name; cell.SetBinding(Cell.LabelProperty, new Binding(name: "Name") { Mode = BindingMode.OneWay }); cell.Accessory = cell.BindingContext as DeviceViewModel; // Set the table's row height table.RowHeight = 80; table.RowHeight =

Mentor Graphics Pads 9.3: PADS is a software program that enables you to graphically design circuit diagrams on the PC. It helps a lot when it comes to the big stuff like electronics and electrical design. It is a tool which allows you to help you draw schematics and circuit diagrams, as well as, help you find the circuit paths.
