PNG To ICO Converter Software is a user-friendly and easy to handle application that was designed to help you obtain icons out of your PNG pictures, supporting batch operations to save you time and effort. Simple yet practical appearance The program displays a rather basic and unoriginal user interface, yet this makes it quite accessible for computer novices, as you will not have to waste too much effort trying to figure it out. The main window of PNG To ICO Converter Software allows you to load the files you want to work with, individually or in batch, through an entire directory at once. Swiftly convert all your PNG images to custom-sized icons Aside from browsing through your computer and loading the items into the utility, you can also drag and drop the source files onto the main window, to spare yourself the trouble of looking for them through the integrated explorer. At the same time, if you need to process multiple images in one go, you can load their whole storage folder into PNG To ICO Converter Software. However, if one of the pictures does not belong in the queue, you cannot remove that one file, as you need to 'Clear List' and start over. In terms of output preferences, the tool enables you to choose the pixel size, ranging from 16 to 72, but you can also input a custom dimension. Finally, you can opt for a destination folder and press on the 'Start Converting' button to generate your files. A useful icon maker In short, PNG To ICO Converter Software is a handy and simple to understand utility whose main function consists of turning Portable Network Graphics files into icons, with a minimal level of knowledge required. See the picture above? That's my girlfriend. She's the most caring and supportive person I've ever had the pleasure of knowing. She would do anything for me, and I love her very much. I hope that one day I can be just as good of a man to her as she's been to me. There's just one problem - she thinks I'm stupid. On top of being super smart, I have a knack for dealing cards. I'm extremely lucky in this aspect because I can make a lot of money playing cards online. My friend Gary has taught me how to play this cool game - and he says that I'm really good at it. I've been working on my skills ever since. In fact,
