Genuine Sound Recorder X64

Bundled some programs like an audio recorder SoftwareXtra Audio Recorder is a powerful audio recorder that can directly digitize the recordings of music cassette tapes, internet streaming audio, radio and meetings directly to your hard disk, creating popular mp3 or wave sound files on the fly. Here are some key features of "SoftwareXtra Audio Recorder":

- The most outstanding feature of SoftwareXtra Audio Recorder is that it can directly digitize all types of audio recordings on your computer without using any other drivers. Thus, it can save up to 8 hours MP3 and 16 hours Wave format files instantly, and 4 hours WAV files by default, plus the ability to save the recorded output as MP3 files of any length. SoftwareXtra Audio Recorder supports two audio input modes, such as microphone and line-in; it can allow recording sounds from any operating system, such as Windows XP, Windows 2000, and Windows 7, as well as various software programs.
- SoftwareXtra Audio Recorder provides you with a useful, intuitive interface that can be used to easily enter the program start/stop and recording parameters as well as save the audio files, so that users can edit the recorded sounds as much as possible and then save in any format they like.
- SoftwareXtra Audio Recorder provides you with an intuitive interface that can be used to easily enter the program start/stop and recording parameters as well as save the audio files, so that users can edit the recorded sounds as much as possible and then save in any format they like.
- The program is compatible with PC, MAC, iPod, Smartphone, and other audio recording devices. It can support 32-bit and 64-bit Windows operating systems.

Limitations:

- Due to the use of Audio Driver SoftwareXtra Audio Recorder is only compatible with Windows XP, Windows 2000, and Windows 7.
