System Requirements:

• 2Ghz or faster CPU • 1Gb RAM • DirectX 9 or higher graphics card • Intel GPU Who doesn't love Skyrim? The original game was a faithful recreation of the European fantasy land, and now it is ported over to a console with a console game engine. So how does it fare on the PS3? We find out. Skyrim is the first PS3 game I've tried since the release of the console itself, and before I start talking about how it runs, I want to talk about how
